NO to HOOK PARK

A planning application has been submitted to Kingston Council for **2,000 homes** on a 50-acre area of Green Belt off Clayton Road. If this development gets approved, it will bring over **5,000 new residents** to Chessington. The proposed development is

- **Over-dominant and out-of-character with neighbourhood**
- **Access to it is dangerous for vehicles and pedestrians**
- **Too little parking, resulting in overspill on existing busy roads**
- **Severe harm to biodiversity and existing species habitat**
- **Local infrastructure – medical, transport, water – won't cope**
